**Nerida**

Do you want somewhere to  
spend time and make friends  
over the spring vacation?

Come join an online group for YNU overseas students, and tell us what you want the group to do. We are planning to meet on Zoom for games, social events, and discussions. This will be an opportunity for you to talk about what's on your mind, as well as just hang out for fun. Meet students in other dormitories, and in other degree programs. Eventually, we will expand the group so you can meet Japanese students from YNU, and students from other universities.

We can't meet in person or travel much, but we can meet online and spend time together. If we have enough ideas, we can keep the clubhouse going when classes start again.

Come along to the first English-language meeting on February 26. You are also welcome to join the group being held in Japanese on March 1.

# Who is Nerida?

I am...

So let's...

Hello! I should introduce myself! Who am I?

Some of the international students know me. Originally from Australia, I have studied overseas three times (I was so lucky!) and now I am a faculty member in the Graduate School of International Social Sciences. I also teach some YCCS and undergraduate courses.

I have trained as an actress, and my research and teaching area is "games in education".

This year I have survived Covid by meeting with my friends online and having fun mostly by playing games, especially drama games.

My best memories of studying overseas are the times I spent with friends. I want you to have as much time with friends as possible, too.

So let's play games. Let's laugh. And let's talk together about anything you want to or need to.

We're all in this together.

Nerida Rand
